## EXPERIENCE

**Programmer Analyst Trainee at Cognizant** | Selenium, SQL

**Jun 2025 – Present**

- Performed web automation across multiple websites using Selenium, writing test scripts for UI validation, form handling and cross-browser compatibility.

**Intern at Cognizant** | Java, SQL, Selenium

**Feb 2025 – May 2025**

- Working on Java and SQL in software development, focusing on backend development, database management, and optimizing system performance.

**Full Stack Web Development Intern** | HTML, CSS, JS, React.js, Node.js, MongoDB

**Jun 2024 – Jul 2024**

**Capabl India**

- Developed a comprehensive weather dashboard as part of a summer internship program. The project involved full stack development, integrating front-end and back-end technologies to create a user-friendly interface for real-time weather data visualization.

## PROJECTS

**Weather Webpage** | HTML, CSS, JavaScript and Python |

- Built a dynamic weather webpage that displays current weather conditions for any specified location.
- Integrated third-party weather APIs to fetch and display real-time weather data, providing a user-friendly interface for easy navigation and data access.

**Feedback Collection System** | Node.js, Express.js and MongoDB |

- Developed a feedback system using Node.js, Express.js, and MongoDB Atlas.
- Created RESTful API endpoints for feedback submission and storage.
- Implemented form validation and handled data storage using mongoose

**PolicyBazaar Website Automation Project** | Java and Selenium |

- Performed Automation of insurance plan search using Selenium WebDriver and TestNG.
- Page Object Model (POM) used for modular and maintainable code structure.

## TECHNICAL SKILLS

- Programming Languages:** C, Java
- Web Development:** HTML, CSS, JavaScript
- Tools and Frameworks:** Selenium, TestNG, MongoDB, MySQL, Machine Learning, DevOps.
- Version Control:** Git, GitHub
- Operating System:** Windows
- Soft Skills:** Leadership, Management, Teamwork, Team Player, Communication, Adaptability, Analytical Thinking.

## EDUCATION

**PES College of Engineering, Mandya**

**2021 - 2025**

*Computer Science and Engineering, BE*

*CGPA: 8.77*

**Courses:** Operating Systems, OOPS, Computer Networks, Database Management System

## CERTIFICATION

- DevOps using HCL Launch by HCL Project Sunshine Program
- Cloud Computing using AWS in Udemy
- Programming, Data Structures and Algorithms using Python, NPTEL

## INTERESTS & HOBBIES

- Riding and exploring new places
- Playing online multiplayer strategy games.
- Listening to podcasts on technology and personal growth
